Fix the dates in your agenda and join the most important Facial Plastic Surgery meeting in 2017!

Dear friend:

We are very pleased to announce the 2017 EAFPS Annual Conference will be held in Lisbon, Portugal, September 28-30, 2017.

The 2017 EAFPS Annual Conference will present an innovative format with multi-disciplinary faculty and focused sessions on every aspect of facial plastic surgery, from simple to advanced operative techniques, including experts' insights for surgical and non-surgical facial rejuvenation, as well as pearls about avoidance and management of complications.

A jam-packed three full days promises something for everyone!

In addition to catching up with the latest developments in facial plastics surgery, the 2017 EAFPS Annual conference in Lisbon will provide a unique setting for an unforgettable event. For lovers of historic sites, Lisbon provides a highly impressive collection of places that would require several weeks for full appreciation. However, if time is limited, even a day trip from Lisbon will introduce you to a whole host of UNESCO World Heritage sites, such as the Jerónimos Monastery, the Belem Tower, the Pena National Palace commanding beautiful views of a magnificent park, and the Moorish Castle just to mention a few. In addition, as Portugal was the center of a vast international empire, Lisbon still reflects this heritage in its amazing cuisine including fresh seafood and excellent wines.

The 2017 EAFPS meeting already promises to be a spectacular success.

We will try to keep the registration fees at the lowest possible level so to make Lisbon 2017 an inclusive event. Special reduced fees will be applied to residents and physicians coming from low-income countries.

On behalf of EAFPS we do hope that you will be willing and able to join us in Portugal for a wonderful blend of scientific topics and social activities.

Best regards

Antonio Sousa-Vieira
(President of the Annual EAFPS 2017 Conference)

Abel-Jan Tasman
(President of the EAFPS)

Fazil Apaydin
(Co-Chairman of the Annual EAFPS 2017 Conference)
