PRELIMINARY PROGRAM

FACIAL REJUVENATION MASTER THE TECHNIQUES

April 12-15, 2018

Sheraton Grand Chicago

Chicago, IL

WWW.FACIALREJUVENATIONMEETING.ORG

TARGET AUDIENCE

This activity has been designed to meet the educational needs of practicing physicians, medical students, nurses, office managers and administrative staff, in the field of facial plastic and reconstructive surgery, plastic surgery, oculoplastic surgery, dermatology, and other healthcare professionals involved in the surgical and non-surgical treatments designed to restore, enhance and rejuvenate facial aesthetics.

LEARNING OBJECTIVES

At the conclusion of this activity, participants should be better able to effectively:

- Evaluate the evidence regarding new surgical technologies
- Better determine if surgical or non-surgical procedures are the best options for patients
- Distinguish the benefits and drawbacks of various treatment options for facial rejuvenation
- Communicate best practices regarding the use of newer surgical technologies for the improvement of patient care
- Review the anatomy of the facial region including the vascular system
- Recognize potential patient safety risks associated with injectables
- Manage complications related to injectables should they arise in a practice setting

ACCREDITATION & CREDIT DESIGNATION

The Educational and Research Foundation for the American Academy of Facial Plastic and Reconstructive Surgery (AAFPRS Foundation) is accredited by the ACCME to provide continuing medical education for physicians.

The AAFPRS Foundation designates this live activity for a maximum of 28 *AMA PRA Category 1 credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
